

Robust, instant connections for harsh environments

The all metal construction 6000 Series Buccaneer - circular connectors that combine the ease of use of a push/pull coupling mechanism with proven environmental sealing for signal and mains power.

Designed and independently tested to IP66, IP68 & IP69K standards, they are ideal for applications where ingress of dust and water must be avoided and where ease of connection, space and appearance are important considerations

IP66

IP68

IP69K

For Power

METAL VERSION

● Push/pull latching mechanism*	Secure, instant latching. Quick connector mating and release
● 30° twist locking*	Tamperproof lock prevents accidental un-mating
● IP66, IP68 and IP69K when mated	Suitable for a wide range of dust and water borne environments
● All metal body version; brass, nickel plated	Robust construction offering protection against EMI
● Flex, flex in-line & panel mount body styles, with sealing caps	Complete family of products maintain sealing integrity in all styles
● Polarisation and visual alignment features	Aids the correct mating of connectors
● 2 to 22 poles – up to 16A, 277V rated	Suitable for mains power to signal applications
● 'Scoop proof' contacts	Prevents damage through mis-mating – ideal for 'blind mating' applications
● Cable braid termination accessory	Maintains continuity between cable screen and connector body
● cULus, VDE, CCC approvals (pending)	Internationally recognised certification
